RE: Water Works and Water Treatment Plant Intake Modification (Part E, Item 1)

Dear Mr. Kamookak:

The Nunavut Water Board has reviewed the "Water Intake Modification" documents submitted to the Board on March 26, 2004 in accordance with Part E, Item 1 of your water licence. These documents relate to proposed modifications to the depth below surface of the water intake structure at the Swan Lake water supply. The NWB herein approves the submission as presented (**Motion #: 2004-06**) and reminds the Licensee that as-built engineered diagrams of the modifications referred to in the "Construction Tender" documents are to be submitted to the Board within ninety (90) days of completion of the modification.

Should you require clarification in this matter do not hesitate to contact me.

Sincerely,

Philippe di Pizzo
Executive Director
