RE: Submission of O&M Manual for Sewage and Solid Waste Disposal in Gjoa Haven

Dear Ms. Beaulieu,

Please find enclosed, in draft form, a copy of the Operation and Maintenance Manual for the Gjoa Haven Sewage & Solid Waste Disposal facilities as part of the requirements to have the expired Hamlet of Gjoa Haven water licence 3BM-GJO0409 renewed. The O&M Manual has been required for submission to the NWB since it was available in the year 2000. I regret this is the only draft document available, there is no final version at this time.

New O&M Manuals and Restoration Plans for the new sewage lagoon and current dump will be provided to the NWB at a later date as part of the compliance plan previously submitted to the NWB.

Do not hesitate to let me know if there are any questions or concerns.

Sincerely,

Troy Beaulieu
Planning and Lands Administrator
Hamlet of Gjoa Haven
