Hello Phyllis,

Please confirm if any C&GS staff of the GN has submitted any final version Abandonment & Restoration Plan for the old sewage lagoon project to be decommissioned this year in Gioa Haven.

I understand the previous C&GS A&R draft version submitted to the NWB was rejected.

Please also provide details of minimum time it takes for a final version of a plan to be approved by the NWB.

I still haven't seen anything from the GN yet which is one of the reasons why the Hamlet temporarily stopped the old lagoon decommissioning project. Numerous concerns from residents also arose.

The hamlet wants to ensure the old berm material is properly disposed of in a waste site or completely de-contaminated otherwise.

If no A&R approval info exists with the NWB, I will immediately contact C&GS to offer additional assistance to finish a final version for submission asap as I do not want to hold up this decommissioning project any longer.

I think the GN believes the submitted draft is probably sufficient for the NWB to approve which is not correct.

Any questions let me know. Thanks if any approved A&R info exists.

Kind regards,

Troy Beaulieu
