Subject: RE: 3BM-GRI0911 Renewal

Good afternoon Ida,

Standalone Type B Licenses fall below the threshold to trigger NIRB screening, and therefore this renewal will not require screening by the NIRB. Please note that, if there are any other authorizations required for this project, the proponent is responsible to submit to the appropriate agencies which, in turn may trigger the NIRB to screen the application.

If you have any questions or concerns, please do not hesitate to contact me directly.

Regards,

Tannis Bolt
Assistant Technical Advisor
