Re: Hamlet of Hall Beach, Municipal Water License Application

The Nunavut Water Board received an application for a water license from Ferguson Simek Clark on behalf of the Hamlet of Hall Beach for municipal purposes. Notice of this application will be posted at local organizations in Hall Beach and Igloolik.

The following documents are available through the internet on our ftp site at ftp://ftp.nwb.yk.com in the folder "NWB3HAL".

- notice (in English and Inuktitut)
- application form
- supplementary questionnaire
- Information for the water license application
- Appendix 1 maps and drawings
- Appendix 2 Hazardous Materials Spill Reports
- Appendix 3 DIAND Inspection Reports
- Hall Beach Sewage Lagoon report prepared by FSC dated March 2002
- Specs for Sewage Lagoon Improvements prepared by FSC dated July 2002

Please note that we also received technical submissions along with this application. The NWB requests a review of these reports as well.

NWB3HAL is exempt from conformity review by NPC and from screening by NIRB because of its municipal status. The Nunavut Water Board is accepting written concerns and comments with regard to this project before **March 3, 2003**. Due to the construction time available to Hamlets, all Hamlet applications have been given priority. If you require an extension to this deadline, please let our office know before the deadline, otherwise, your comments may not be considered.

Sincerely,

Original signed by:

Phyllis Beaulieu A/Licensing Administrator
