Mr. Brian Martin  
Senior Administrative Officer  
Hamlet of Hall Beach  
Hall Beach, NT  
XOA OKO

Dear Mr. Martin;

**Water Licencing for the Hamlet of Hall Beach**

Ref:    Conversation with Lucy Magee, November 4, 1997.

1.      As a bit of background information, a municipal water licence is a requirement of the *NWT Waters Act*. The Nunavut Land Claims Agreement allowed for the establishment of the Nunavut Water Board (NWB). This Board has the authority to issue water licences in the Nunavut Settlement Area. The Department of Indian Affairs and Northern Development is responsible for enforcing these licences. The Hamlet of Hall Beach does not have a water licence.
2.      A water licence application was left with your predecessor, but no application was made.
3.      Enclosed is an additional application form. I would ask that you complete it and send it to:

Nunavut Water Board  
Box 119  
Gjoa Haven, NT  
XOE IJO

(867)-360-6369

4.      Once received by the Board, they will contact you for additional information and the licensing process will proceed.

.../2

5. Please do not hesitate to contact me at the above address or by phone at (867)-979-4405 to discuss any aspects of the licensing process. I would also direct you to the Nunavut Water Board with any inquiries you may have.

Sincerely,

Paul Smith  
Water Resources Officer  
Nunavut District
