Mayor  
Council of Igloolik  
Igloolik, N.W.T.

Dear Mr. Mayor:

Further to our Land Use Inspector's (Mr. Ezio Del Degan) visit to your community last week, I was advised that your Council had indicated interest in being provided further information on the water sampling program being carried out in the Roche Bay area.

Hall Beach

I have asked our District Water Resources Officer (Mr. Peter Bannon) to visit with your Council when he proceeds to the Roche Bay area this summer to discuss and explain this sampling program. He will get in touch with your Secretary Manager prior to travelling to your community to indicate when he will be visiting. Mr. Bannon could then provide you the information relevant to this program. I hope this arrangement will prove satisfactory to you.
