**Subject:** Re: FW: Sewage leak At Hall Beach

Good afternoon Bhabesh,

Good to finally hear from you.

I have some serious concerns regarding this file, which I think we need to discuss.

Also, I need to point out that contrary to your voice mail message of earlier today, and your comments in this e-mail, the Hamlet of Hall Beach has only partial interest in the outcome of this..

Once the Hamlet in Hall beach was told by a government official that the Government would be "taking care of everything" the GN inherited responsibility for this issue.

I will expect to hear from you today.

Thank you for your time.

Good morning,

Please find attached the Sewage Spill Report and Lab test results of the Hamlet of Hall Beach. I am submitting these documents on behalf of the Hamlet of Hall Beach. If any question, please contact the Hamlet since they are the operator of this facility and liability remains with them as well.

Thanks,

Bhabesh
