Subject: Submission of the Hall Beach Sewage Lagoon Decommissioning Plan for the Sewage Lagoon in Hall Beach under Part G, Item 1 License 3BM-HAL0308

Dear Mr. Simonie:

The Nunavut Water Board ("NWB") would like to acknowledge receipt of the above documents under Part G, Item 1 of Licence 3BM-HAL0308, submitted on your behalf by FSC Architects & Engineers on July 6, 2005. The Hall Beach Sewage Lagoon Decommissioning Plan was found to meet the requirements set out in the current Licence and is hereby accepted and approved by the NWB under **Motion 2006-49**, dated September 29, 2006.

Please be advised that the NWB considers the approved plan to decommission the sewage lagoon as a structure that will be used to contain waste and therefore under Part E, Item 1 of the Licence, *"The Licensee shall submit to the Board for approval design drawings stamped by a qualified engineer registered in Nunavut prior to the construction of any dams, dykes or structures intended to contain, withhold, divert or retain water or wastes."* FSC, on behalf of the Licensee, has submitted drawings stamped by a qualified engineer. The NWB is currently reviewing the file.

Should you have any further questions, please feel free to contact me office.

Yours truly,
