Phyllis Beaulieu Manager of Licensing Nunavut Water Board P.O. Box 119 Gjoa Haven, NU X0B 1J0

Feb.15, 2008

Sub: Application for the amendment of the expected Renewed Water licensed for the Hamlet of Kimmirut, Baffin Region, Nunavut.

Dear Phyllis,

I like to confirm that the renewal application for the Water License number **NWB3KIM0207** of the Hamlet of Kimmirut was submitted to NWB dated August 20, 2007 and is still in your review process. The existing license was expired on August 31, 2007. The design works for the improvement of the proposed wastewater treatment facility has been completed. Therefore, I am submitting the relevant documents for the amendment of the expected renewed Water license.

Alternatively you may combine these two applications together if you feel comfortable and renew the existing license one time for a five years period from the date of approval by accommodating this proposed facility.

The documents supporting this application are attached as follows:

- 1. Amendment Water License application signed by SAO, Hamlet of Kimmirut.
- 2. Topographical map showing important existing facilities and also indicating the Proposed wastewater treatment facility stamped by the Engineer
- 3. Detailed design and drawings stamped by the Engineer
- 4. Geotechnical Report stamped by the Engineer
- 5. Wetland Model Study Report stamped by the Engineer
- 6. A cheque for \$30.00 payable to "Receiver General for Canada."
- 7. Technical Summary Reports in English and Inuktitut
- 8. Authorization letter to CGS by the Council of Hamlet of Kimmirut

Our intension is to start construction of this proposed facility sometime this coming summer. Therefore the approval of this water License is so important in order to Tender this job and also get facility materials on the Sealift.

## 

Department of Community Government Services
Ministère des Services communautaires et gouvernementaux

I am acting on behalf of the Hamlet. I will appreciate if you keep me in the loop of the approval process. If you have any question, please do not hesitate to contact me before putting in the website for public review.

Thanks.

Bhabesh Roy, M.A.Sc., P.Eng.
