Subject: Renewal Application for the Type B Water License # 3BM-KIM0911 of the Hamlet of Kimmirut, Baffin Region, Nunavut.

Dear Ms. Beaulieu,

I am writing you to confirm that the Water License # 3BM-KIM 0911 expired on January 29, 2011 and an amendment application which was received by the Board on June 8, 2009 was rejected on March 16, 2010. Please disregard this amendment application.

Therefore, we are submitting a renewal application with the following supporting documents for the approval by the Board.

Appendix-A: Renewal application signed by Senior Administrative Officer (SAO), Hamlet of Kimmirut, dated August 12, 2013,

Appendix-B: Technical summary of Kimmirut Environmental Facilities in English and Inuktitut

Appendix-C: A \$30 cheque payable to "Receiver General for Canada"

Appendix-D: O&M manual for the new Sewage Lagoon and as built drawings prepared by exp Services Inc.

Appendix-E: Plan for Compliance prepared by exp Services Inc.

Appendix-F: Scope of works and schedule of the study on Fish habitat in the wetland area or small pond upstream of the receiving body prepared for Nunami Stantec Ltd.

Appendix-G: A Base line water quality study of the wetland prepared by exp Services Inc. prior to commission the new Sewage Lagoon

Appendix-H: Geotechnical inspection report of 2013 by a Geotechnical Engineer of exp Services Inc.

Appendix-I: Monitoring Program Quality Assurance. Quality Control Plan (QA/QC Plan) prepared by exp Services Inc.

Appendix-J: Guidelines of Baffin Regional extended sampling program,

Appendix-K: Training Manual of the Sampling program prepared by exp Services Inc.

Appendix-L: Scope of works for reporting wetland wastewater quality for three years to determine Wetland treatment efficiency.

Appendix-M: Hamlet Annual Reports for 2011 and 2012

Appendix-N: Water Consumption Reports from 2006 to 2009

Appendix-O: Lab test results from 2011 to 2013

I like to inform you that the construction of the new sewage lagoon was completed but not commissioned yet. The lower berm is experiencing seepage. exp's geotechnical Engineer inspected the berm recently. We are planning for necessary action immediately.

Signs have been ordered and anticipated to be installed by the end of October, 2013.

In these circumstances, we request to renew the license for five (5) years starting from January 30, 2011 so that Hamlet can effectively and efficiently operate their Environmental Facilities under the proper guidelines.
