Re: Hamlet of Kimmirut Water Licence # 3BM-KIM 0911-Type B: Renewal and Amendment application

Dear Mr. Kharatyan,

We are submitting an Amendment and Renewal Water Licence application of the Hamlet of Kimmirut excluding the new Sewage Lagoon. Community and Government Services is still exploring options for the most appropriate long term solution to bring this new sewage lagoon into compliance.

Therefore, I am writing you to confirm to void all the Water licence # 3BM-KIM 0911 renewal applications submitted previously for the Hamlet of Kimmirut because we are excluding the new sewage lagoon from the current renewal application.

Therefore, to renew and amend the existing Water Licence #3BM- KIM 0911, the following documents are attached for consideration:

- 1. Renewal and Amendment Water Licence Application
- 2. O&M manual of the existing Sewage discharge system
- 3. O&M manual of the existing Waste (Land fill and Metal Dump) sites
- 4. QA/QC Plan of the Environmental Facilities
- 5. Spill Contingency Plan of the Environmental Facilities
- 6. Segregation of Hazardous wastes
- 7. The Plan for Compliance
- 8. Annual Report 2015
- 9. Hamlet support Letter

C P Box 379

Department of Community and Government Services Nunalingni Kavamatkunnilu Pivikhaqautikkut Ministère des Services Communautaires et gouvernementaux

The Water Licence will include Community existing Water Supply system, Waste Management (land fill and metal dump) sites and Wastewater treatment system.

Please contact me if you have any issue or concern with this Renewal and Amendment application. I will also appreciate if you keep me in the loop for this water licence approval process.

Thank You.

Bhabesh Roy, M.A.Sc., P.Eng.
