Dear Bhabesh Roy,

Caduceon Environmental Laboratories looks forward to aiding the Hamlet of Kimmirut – Baffin Region in their environmental analysis. Caduceon staff have reviewed the MS Word document entitled “*Quality Assurance/Quality Control Plan Hamlet of Cape Dorset*” that was provided to our Ottawa Laboratory.

Our staff has read and understands the requirements found within this document and see no issues with providing you quality service and analysis. In addition, it has been noted that it is necessary all testing be completed by a CALA accredited Laboratory. Caduceon Environmental Laboratories are accredited for all of the parameters listed within the document.

Should you require any further information please feel to contact me at the coordinates listed in my signature below.

Thank you for providing us with the opportunity to work with the Hamlet of Kimmirut.

Regards,

Greg Clarkin, Lab Manager - Ottawa District
