Subject: Additional Information regarding Amendment Application for 3BM-KIM0911

Dear Parties,

On December 7, 2009 the Nunavut Water Board (NWB or Board) held a technical meeting via teleconference to discuss issues regarding the Hamlet of Kimmirut's amendment application for water licence 3BM-KIM0911. On December 12, 2009 the NWB distributed draft meeting notes to participants of the technical meeting for review and comment and by December 17, 2009 comments on the draft meeting notes were received from Environment Canada. The NWB has revised the draft meeting notes in consideration of the comments received.

In response to issues discussed during the technical meeting additional information was submitted from the Government of Nunavut Community Government Services (GN-CGS) on behalf of the Hamlet of Kimmirut on December 21, 2009. This submission as well as the revised meeting notes can be obtained from our ftp site, using the username of "public" and the password of "registry", without the quotes, at the following link or by contacting our office:
