RE: NPC File # 149905 [Application for the Water Licence Amendment of the Municipality of Kimmirut #3BM-KIM1929]

The following works and activities have been proposed in the above-noted project proposal:

- 1. Amendment of a Type B Water License #3BM-KIM1929 to accommodate the construction of a new wastewater treatment facility.
- 2. Associated NPC FILE No: 148208 and, 149319; Related NIRB File No: 20WN009.
- 3. Summary of modification: Construction of a new sewage lagoon; modification of effluent parameters
- 4. Location: Qikiqtani Region, South Baffin [community of Kimmirut]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has determined that this project proposal is outside the area of an applicable regional land use plan.

The NPC has determined that the above-noted project proposal is a significant modification to the project because it includes the construction of a new sewage lagoon and the modification of effluent parameters.

The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because the new activities do not belong to a class of exempt works or activities set out in Schedule 12-1 of the Nunavut Agreement.

By way of this letter, the NPC is forwarding the project proposal to the NIRB for screening. Project materials are available at the following address:
