Dear Mr. Marshall,

The Nunavut Water Board (NWB) acknowledges receipt on November 26th, 2004 of your 2003 Annual Report as required by Part B, Item 1 of your water licence. The Board has reviewed your report and has determined that the following information be provided (Part B, Item 1) within the 2005 Annual report due no later than March 31, 2006:

- a) As per the Annual Report Requirements addressed by the NWB to the Licensee in a letter dated August 21th, 2004, the Licensee is to develop and implement a Monitoring Plan for their solid waste and wastewater management facilities.
- b) As per the DIAND Inspector Direction dated August 26th, 2003 the NWB seeks information pertaining to the storage of hazardous waste from commercial sources, measures taken to remedy the eroded portion of the honeybag storage area, and sufficient detail outlining measures taken to remedy waste battery and waste drum storage issues.

On an endnote the Board would like to remind the Licensee that Annual Reports are to be submitted no later than March 31st of the following year being reported. To date there has not been a 2004 Annual Report submission from the Municipality.

Please call the undersigned at (867) 360-6338 or email at licensing@nwb.nunavut.ca if you have any questions.

Sincerely,
