Attention:

Ms. Phyllis Beaulieu

Manager of Licencing

Re:

Kugluktuk Water License Application

Dear Ms. Beaulieu,

Nuna Burnside is the engineering consultant acting for the CGS on the Kugluktuk Project. This GN project is under the direction of Navjit Sidhu, Project Officer, and Tom G. Livingston, Regional Municipal Planning Engineer. Both are based at the Cambridge Bay office.

On behalf of Navjit Sidhu, the following documents are provided to the Nunavut Water Board with regard to the Water License Application for Kugluktuk.

The package for the Nunavut Water Board (NWB) is enclosed and contains:

- 1 Water License Application
- 1 Water License Supplementary Questionnaire for Municipalities
- 1 CD disk/Complete Schematic and Detail Design Reports
- 1 Report/Hard Copy of Detail Design Report
- 1 Set of Tender Drawings
- 1 Executive Summary/English version
- Executive Summary/Inuktitut version
- Set of Notes and Figures with location of monitoring stations.

The current License number is NWB3KUG0308 and the expiry date is 30 November 2008. It should be noted the license is a Type "B" under the Nunavut water regulations, as well as a Municipal undertaking, and accordingly not subject to NIRB screening. Could you please forward the package to Mr. Joe Murdock, Technical Advisor at the NWB. His help with this will be much appreciated.

Please contact Navjit Sidhu or myself if any further information is required.

Yours truly,

Nuna Burnside Engineering and Environmental Ltd.
