Trainee / Licencing Department

**Re:** Kugluktuk Water License Application

Dear Mr. Dwyer,

Nuna Burnside Engineering and Environmental Ltd. (Nuna Burnside) is the engineering consultant acting for the CGS on the Kugluktuk Project. This GN project is under the direction of Navjit Sidhu, Project Officer, and Tom G. Livingston, Regional Municipal Planning Engineer. Both are based at the Cambridge Bay office.

On your email request of September 9, 2006, for a complete set of electronic data, the following documents are provided to the Nunavut Water Board (NWB) with regard to the Water License Application for Kugluktuk.

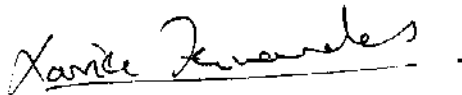

The package for the NWB is enclosed as two disks and contains:

- |         |   |
|---------|---|
| CD disk | - Water License Application.  |
|         | - Supplementary Questionnaire for Municipalities.                     |
|         | - Executive Summary/English and Inuktitut versions.                   |
|         | - Set of Notes and Figures/Maps with location of monitoring stations. |
|         | - Set of Tender Drawings.   |
| CD disk | - Complete Schematic Design Report                                    |
|         | - Complete Detail Design Report                                       |

Please contact me should you require any further information.

Yours truly,

**Nuna Burnside Engineering and Environmental Ltd.**
