Dear Mr. Shaw

The Nunavut Water Board acknowledges receipt on July 15, 2003 of your water licence renewal application, filed on behalf of the Municipality by FSC Architects & Engineers. Your application included the following items:

- cover page dated June 2003
- executive summary in English AND Inuktitut
- section 1 - application form
- section 2 – information for the water license application
- section 3 - supplementary questionnaire
- Appendix 1 - maps and drawings
- Appendix 2 – Hazardous Materials Spill Reports
- Appendix 3 – INAC Inspection Reports
- Coppermine River – Overview of the Hydrology and Water Quality

NWB3KUG is exempt from conformity review by NPC and from screening by NIRB because of it's municipal status.

I have been asked by the Board to inform you that a notice of your application is required. This notice of requirement is based on Article 13.3.14 of the Nunavut Land Claims Agreement (NLCA), which states that the Board should take "...all steps necessary by way of notice...to provide and promote public awareness [of hearings]."

Accordingly, a notice in both English and Inuinaqtun will be posted for a period of 30 days, with local establishments in Kugluktuk. Copy of the notice will be available to you during the distribution process.

Upon request from the public, we ask you to make available, free of charge, copies of all documents pertaining to this application. Any person who is affected by this application or concerned with it, may submit a letter of concern, which must be submitted to the Board within the period of time shown on the public notice.

Please call the undersigned at (867) 360-6338 or e-mail at licensing@nwb.nunavut.ca if you have any questions.
