Good morning Sudhir – The NWB acknowledges receipt of the renewal application for a water licence for the Hamlet of Kugluktuk. The file will undergo an internal technical review prior to distribution. You will be notified of any deficiencies. I do note that your cheque is made out for 60.00. The admin fee is only 30.00. Once I receive the original cheque it will have to be returned and resubmitted.

This notice is cc'd to Don Carr, the NWB technical advisor assigned to the file and to Dave Hohnstein, A/Director of Technical Services, for his information.

Regards,
