**Re: Application Pending NPC Conformity Determination for Hamlet of Repulse Bay's "Amendment Renewal-Type B" Project Proposal**

Dear Kowesa Etitiq:

The Nunavut Impact Review Board (NIRB or Board) received Hamlet of Repulse Bay's "Amendment Renewal-Type B" project proposal from Nunavut Water Board (NWB) on August 20, 2014. The project proposal submission included the following documents:

- *NWB Application in English*
- *Non Tech Summary in English*
- *Various Reports in English*

Your project appears to be located in an area which requires conformity to the Keewatin Regional Land Use Plan, pursuant to Article 11 of the Nunavut Land Claims Agreement (NLCA). Please be advised that Proponents are required to submit their project proposals directly to the Nunavut Planning Commission (NPC) for a conformity determination. For further information, please contact NPC's Director Regional Planning, Brian Aglukark, at (867) 857-2242 or via email at [aglukark@nunavut.ca](mailto:aglukark@nunavut.ca).

Once a positive conformity determination is made, the NPC will forward its determination and any associated recommendations to the NIRB for screening, if required.

The NIRB conducts screening (environmental impact assessment) of project proposals upon referral from Government departments/agencies and Regional Inuit Associations responsible for authorizing the proposed project works or activities. Please be advised that it is the Proponent's responsibility to apply for all authorizations and approvals required to carry out the proposed project works or activities.

Further, upon receipt of the required conformity determination, the NIRB will be undertaking a preliminary completeness check of your application. In order to ensure your application contains the minimum information required for the NIRB's screening, it is recommended that you submit the following, noting that the NIRB may request additional information at any point during the screening process:

- *Maps*
- *Non technical Project Proposal summary in Inuktitut*

If you have any questions or concerns, feel free to contact an environmental administrator at the NIRB at [info@nirb.ca](mailto:info@nirb.ca).

Sincerely,

Natasha Lear  
Environmental Administrator  
Nunavut Impact Review Board
