Thank you, Richard.

Hi Bridget, I am looking to discuss the question about the spills in Naujaat that were reported in the 2019 Annual Report. The spills documented were taken from the Spills Database, they appear to be by housing, and/or third parties, so I do not have the specific information you are requesting. I have reached out to the Hamlet but have not yet received a response on if they have further information on these spills. Is this question/comment meant to be directed at the 2019 Annual Report – Are you requesting an updated version to be distributed when I can obtain further information, or is there an item to change in the renewal/amendment application package for this item?

Thank you,

Sarah Collins, P. Eng
