Hello Richard,

Regarding the Renewal Application for Water Licence No. 3BM-REP1520 for the Municipality of Naujaat, Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) requested the following information pertaining to spill follow-up action be provided with future spill reports:

- a. What the cause of the spill was;
- b. Who cleaned up the spill;
- c. When the spill was cleaned up;
- d. How the spill was cleaned up; and
- e. What was done to prevent further spills of that type.

Government of Nunavut Community Government Services (GN-CGS), on behalf of the Municipality of Naujaat, committed to including the indicated information in future Annual Reports. CIRNAC finds the commitment from GN-CGS sufficient to resolve the indicated concern. With this commitment, all CIRNAC concerns are resolved.

Thank you and kind regards,

Bridget Campbell

Subject: 3BM-REP1520 Renewal Application

Good morning,

As indicated in the e-mail the 3BM-REP1520 licensee intends to submit the spill reports with the 2020 annual report, is CIRNA satisfied with this response?

Regards,

Richard
