Good afternoon,

The Board notes CIRNA recommended that the submitted plans with the Hamlet of Naujaat amendment application be reviewed in a separate process by interested parties before they are approved by the Board and implemented by the Licensee. The Nunavut Water Board acknowledges receipt of the attached following:

December 20, 2022

- \* Environmental Emergency & Spill Contingency Plan
- \* Environmental Monitoring & Quality Assurance/Quality Control Plan
- \* O&M Plan for Sewage Disposal Facilities
- \* O&M Plan for Water Supply Facilities

March 27, 2023

- \* O&M Plan for Solid Waste Disposal Facilities

They can also be found on the ftp site at the link below:

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:

Richard
