Dear Richard Dwyer:

**RE: 3BM-NAU2333 – Hamlet of Naujaat – Review of Modifications to the New Sewage Disposal Facility**

Environment and Climate Change Canada (ECCC) has reviewed the information submitted to the Nunavut Water Board (NWB) regarding the above mentioned proposed modifications, and **has no comments**.

ECCC provides expert information and knowledge to project assessments on subjects within the department's mandate and within federal jurisdiction, including greenhouse gas emissions and climate change, air quality, water quality and quantity, migratory birds, species at risk, environmental emergencies preparedness and response, and climate and meteorology. This work includes reviewing proponent's characterization of environmental effects and proposed mitigation measures, and providing information and knowledge to decision-makers on activities needed to mitigate these environmental effects within federal jurisdiction. Any comments received from ECCC in this context does not relieve the proponent of its obligations to respect all applicable federal legislation.

If you need more information, please contact Anna Graham at [Anna.Graham@ec.gc.ca](mailto:Anna.Graham@ec.gc.ca).

Sincerely,
