June 22, 2017

Dear Karen,

In addition to my letter dated June 20, 2017, I am submitting a Desktop Review on the Sustainability of Nunavut's Drinking Water Sources done by Dalhousie University where information of the Municipality of Pangnirtung is available. This is not a standalone hydrology study document for the Municipality of Pangnirtung. However, I hope this document will satisfy the need.

The current water licence will be expired on September 15, 2017. We are requesting to expedite the renewal process so that the new Water Licence is renewed and available on or before September 15, 2017 so that the Community will be kept always under the active Water Licence.

Please keep me in the loop for the entire approval process. I will appreciate if you contact me if you have any concern or question on this file.

**Sub: Renewal Water Licence # 3BM-PAN1417 of the Municipality of Pangnirtung: Responses to the questions.**

Dear Karen,

Please see our responses to the questions raised by NWB dated May 4, 2017; INAC dated June 7, 2017 and ECCC dated June 06, 2017 on the Water Licence #3BM-PAN 1417 renewal application.

The following additional documents are attached:

1. The Revised O&M Manual , June 2017 for Solid Waste Management
2. Sketches showing relative positions of Water supply facilities, wastewater Treatment, Land fill site and Metal dump site.
3. Drawing showing the wastewater effluent path towards the sea
4. Wastewater test results: The Plant lab testing and Caduecon lab testing results
5. Responses in green to the letters of NWB dated May 04, 2017 INAC dated June 07, 2017 and ECCC dated June 06, 2017.

The current water licence will be expired on September 15, 2017. We are requesting to expedite the renewal process so that the new Water Licence is renewed and available on or before September 15, 2017 so that the Community will be kept always under the active Water Licence.

Please keep me in the loop for the entire approval process. I will appreciate if you contact me if you have any concern or question on this file.
