Re: Proposed Upgrading to the Pangnirtung Sewage Disposal System

Dear Mr. Parker,

As follow-up to our telephone conversation of July 12, 2000, regarding possible changes to the type of sewage treatment system to be constructed in Pangnirtung, I would like to provide notification that the technical review and stakeholder consultation of the drawings and specifications submitted in May has been placed on hold. Comments can be provided upon request should PW & S decide to proceed as originally planned.

Should you require clarification in this matter please do not hesitate to contact me.

Sincerely,

Dionne Filiatrault, P. Eng.
