

April 8, 2009

Dear Phyllis,

This is to inform you that we are planning to upgrade the electrical systems and also build an office space for the operators. The intent of the improvement is also to reduce the odour intensity in the plant. This upgrade will not cause any change to the existing treatment process.

The attached Technical reports in English and Inuktitut are self explanatory.

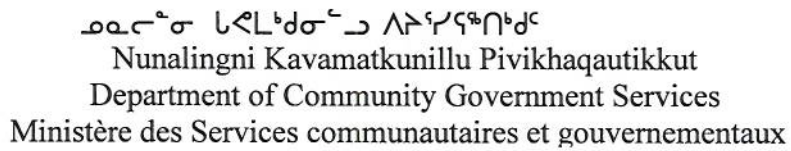

Please consider this letter as the notice of modifications satisfying the conditions of Part E of the existing Water License No. 3BM-PAN0810.

If you have any question, please do not hesitate to contact me at any time.

Thanks.

Thanks.
B. Ching
