RE: NWB FILE # 3BM-PEL0712 – Hamlet of Kugaaruk – Sewage Treatment Facility O&M Manual

Dear Mr. Dwyer:

The Government of Nunavut, Department of Environment (DOE) has reviewed the Sewage Treatment Facility O&M Manual for the Hamlet of Kugaaruk. The DOE has the following comments and recommendations based on the *Environmental Protection Act*.

GENERAL

- Alternative procedures that are in place in case of a service disruption to the lagoon should be stated in the manual.
- A copy of the spill contingency plan should accompany all copies of this manual.

The DOE thanks the NWB for giving us the opportunity to review and provide comments on this submission from Dillon Consulting Limited, on behalf of the Hamlet of Kugaaruk. Please contact me if you have any questions or comments.

Sincerely,
