

APPENDIX-D

COMMITMENT BY SAO, POND INLET , MARCH 03, 2010

From: Senior Administrative Officer [mailto:hamletpond_sao@qiniq.com]

Sent: Wednesday, March 03, 2010 9:50 AM

To: Roy, Bhabesh

Subject: Water license

In follow up to our discussion we have had Qkikitaluk Corporation provide an estimate for removal of the hazardous wastes at the land fill. They will package and prepare the items there for shipment out. We will update the quote this year and prepare for removal subject to available funds in the next fiscal year.

The aging oil barrels stored there are also our concern. The Hamlet does have a used oil furnace we hope to get installed and use this material as feedstock for the furnace after it is installed.

Mike Richards
