Date: Thursday, May 14, 2009 9:07:00 AM

Please be advised that the following documents are required to complete the application for Pond Inlet.

1. Electronic copies of the as-built drawings (signed and stamped) for the landfill/landfarm construction. The ones that were scanned in our office are unreadable.
2. The technical summary as scanned is unreadable as well. Please provide an electronic clean copy
3. The application mentions there is an O&M plan available for the landfarm. Please provide a copy.
4. The water licence application form is asking to renew the licence for a 4-year term. Is this correct or should it be for 5 years, in which case it should read 2009 to 2014.

The Nunavut Water Board will continue to process this file once all requested information has been received.

Regards,

Phyllis Beaulieu
