On July 25, 2007 the Nunavut Impact Review Board (NIRB or Board) received a water license application for the Government of Nunavut – Community and Government Services' (GN-CGS) Land Farm project proposal from the Nunavut Water Board (NWB). On July 18, 2007 the NIRB received a positive conformity determination from the Nunavut Planning Commission (NPC) for this proposed project. The NIRB has assigned this project proposal file number 07UN061.

The project is located in the municipality of Pond Inlet, North Baffin Region.

The project activities include:

- Soil remediation with bulldozer and loader

All documents received and pertaining to this project proposal can be obtained from NIRB's ftp site at http://ftp.nunavut.ca/nirb/NIRB_SCREENINGS/ACTIVE_SCREENINGS/07UN061-GN-CGS%20-%20Babesh%20Roy/1-SCREENING/

Pursuant to Part 4, Article 12 of the Nunavut Land Claims Agreement (NLCA), NIRB shall proceed to screen the subject Project Proposal. NIRB may request additional information at any time during the process. NIRB will copy you on screening process related correspondence and upload related documents to the above ftp site for Public access.

Be advised that NIRB is copying interested Parties and municipalities most affected by your project proposal.

Interested persons are encouraged to comment directly to the NIRB by **August 31, 2007**. Please note that proposed specific terms and conditions, should the project proceed, have been attached for consideration and comment.

NIRB would like Parties to provide comments regarding:

- Whether the project proposal is likely to arouse significant public concern; and if so, why;
- Whether the project proposal is likely to cause significant adverse eco-systemic and socio-economic effects; and if so, why;
- Whether the project is of a type where the potential adverse effects are highly predictable and mitigable with known technology, (please provide any recommended mitigation measures); and
- Any matter of importance to the Party related to the project proposal.

Please send your comments to the attention of NIRB's Manager of Environmental Administration Leslie Payette at lpayette@nirb.nunavut.ca.
