NUNAVUT WATER BOARD

FAKED
15/1/97
Pdz

January 15, 1997

Mr. Jake Anaviapik
Senior Administrative Officer
Hamlet of Pond Inlet
Pond Inlet, NT
X0A 0S0

SUBJECT: Municipal Water Licence N5L3-1638 - Hamlet of Pond Inlet

Dear Sir,

As you know, the Nunavut Water Board had originally planned to hold a public hearing in Pond Inlet on or around January 15, 1997. However, because no comments or concerns were expressed by the public regarding this matter, the Board may proceed with the review of the application without a hearing.

Notwithstanding, our records indicate that some documents have not been filed by the Hamlet of Pond Inlet with respect to the issuance of a municipal water licence. These documents include:

- a) the required application fee of \$30.00 to the order of the Receiver General of Canada;
- b) the supplementary questionnaire for municipalities.

Some of the information we require to review a licence application is quite technical, as you will see in the questionnaire attached for your consideration. Consequently, may we suggest that you request the assistance of the Municipal and Community Affairs Department of the GNWT, which should have in hand all reports, maps, drawings, etc. required as background information. In addition, we also encourage the Hamlet to consult with the people of the community and get their views, concerns, and suggestions with respect to drinking water, sewage treatment and solid waste disposal, and incorporate those in the questionnaire.

Meanwhile, do not hesitate to contact the undersigned or Dionne Filiatrault, our Technical Advisor, should you need more details regarding the licensing process.

Sincerely,

Philippe di Pizzo
Executive Director
