Phillipe di Pizzo Executive Director Nunavut Water Board Gjoz Haven, N.T.

MUNICIPAL WATER LICENCE N5L3-1638

Thank you for your advise that public hearing in regards to water licence is now cancelled.

I have asked Municipal & Community Affairs headquarters in our region to assist us to complete your questionaires as they are quite technical for us.

Once we receive completed questionaires, we will submit an application fee with the questionaires.

Hoping this is satisfactory.

Yours truly,

Jake Anaviaipik.
