**Re: Use of Hamlet Landfill**

Mr. Scott,

Thank you for your letter dated June 22<sup>nd</sup>, 2007 in reference to a request from Baffinland to periodically dispose of municipal solid waste to the Pond Inlet Landfill. Baffinland confirms that there will be no sewage waste or waste classified as hazardous transported to Pond Inlet for disposal. Our operations personnel estimate that on average, Baffinland may dispose of waste at a frequency of once every other week throughout the course of the year. We will track the waste deposited to landfill and report frequency and quantities to the Hamlet on a monthly basis.

Yours sincerely,

**Baffinland Iron Mines Corporation**
