A diagram of a lever arm. A horizontal bar is pivoted on a triangular fulcrum. A weight, represented by a circle with a cross, is attached to the left end of the bar. A line with an arrow points upwards from the right end of the bar, representing an applied force.

LINE POST WITH BARBED WIRE ARM

N.T.S.

SCALE 1: 50

Technical drawing of a fence layout. The drawing shows a zig-zag pattern of fence sections. The top section is labeled "BARBED WIRE AREA (SEE FENCE DETAIL)". The bottom section is labeled "NEW FENCE (SEE FENCE DETAIL)". The drawing includes dimensions: a horizontal distance of 1.8, a vertical distance of 2.0, and a horizontal distance of 4.0. A label "C/L OUTLET" is positioned near the center of the zig-zag. The drawing is a technical drawing of a fence layout, showing a zig-zag pattern of fence sections. SCALE 1: 50

Diagram illustrating a fence detail. The diagram shows a cross-section of a fence with a barbed wire side arm and a new fence section. The dimensions are labeled as follows:

- Barbed wire side arm: 8'
- New fence (see fence detail): 1'
- New fence (see fence detail): 3'

The diagram also includes a note: "NEW FENCE (SEE FENCE DETAIL)".
