Hi Karen,

Hamlet of Qikiqtarjuaq received the new pump to drain out their water Reservoir just this morning. It is too late to start the draining work, inspect the liner and fill the reservoir back this summer. Also we do not know yet if the new pump works well. Therefore, It is deferred to the next year 2015.

If you have any question or concern, please let me know.

Thanks.

Bhabesh
