Re: Crown-Indigenous Relations and Northern Affairs Canada's Review of the responses to recommendations made by CIRNAC on the Amendment and Renewal Water Licence Application for the Municipality of Qikiqtarjuaq, Type B Water Licence No. 3BM-QIK1924

Dear Robert,

Thank you for the October 15th, 2024 invitation to review the responses provided by the applicant with respect to CIRNAC's comments on their Type B renewal application. The Nunavut Water Board provided 6 working days to respond.

CIRNAC's recommendation based on the submission from the applicant is, the issuance of a renewal license for the use of water and deposit of waste may be issued but that it be issued for no more than 2 years to allow sufficient time for the community to engage with the Government of Nunavut to provide substantive details on comments provided in CIRNAC's recommendations and outstanding compliance issues within the community.

If there are any questions or concerns, please contact Andrew Keim at (867) 975-4550 or Andrew.Keim@rcaanc-cirnac.gc.ca

Sincerely,

Andrew Keim
