Hi Bhabesh,

How are you?

One question regarding the Qikiqtarjuaq Licence renewal please:

It seems the 2013 Lab results present analytic results for just 4 monitoring stations. As the Licence includes 18 (15 with original licence and additional 3 with the amendment) monitoring stations (some not active) it would be helpful to clearly indicate the status of those Monitoring Stations.

It would be very appreciated if by the end of week you check the Monitoring Program Stations (Part H, Item 1) and provide the status of these stations.

Regards,
