RE: Sewage Lagoon Decant

This letter is to advise you we intend to decant our lagoon on July 23, 2007. This is the annual release notice and registration of our intent. We currently are approaching the full capacity in our lagoon to meet the requirements of the community. Decanting will follow thawing of the release conduit.

If we do not decant the lagoon we will be threatening its structural integrity.

Sincerely,

Mike Richards
SAO
