Dear Mr. Janes,

Re: Water Licence No. N6L4-0779

Please be advised that licence No. N6L4-0779 held by the Hamlet of Rankin Inlet expires on August 31, 1999. The Nunavut Water Board (NWB) will send you the necessary documentation to be filed with the NWB for the municipalities licence renewal. To ensure that the NWB and the public have sufficient time to review the application, it should be submitted as soon as possible.

If you require assistance or clarification, please do not hesitate to contact me or Dionne Filiatrault, Technical Advisor at (867) 360-6338 or by fax at (867) 360-6369.

Sincerely,

David Porter
Licence Administrator
