Phyllis,

We decided in that meeting that We will submit a new application. Right now I am working on this file. This licence will be for standalone Solid waste existing Facilities (land fill and metal dump) only. The new site has been identified and design woks have been completed. This design needs to be updated to meet the current GN-CGS wastes management Guidelines. This project is now on hold. Therefore here is the Plan:

- 1. We are submitting a renewal application for the existing Waste Facilities.
- 2. When Design for the new site is updated, we will apply for Amendment.

Thanks and have a good day.

Bhabesh

Subject: 3BM-RES9699 Update

During a recent teleconference regarding Resolute Bay, the NWB was advised that correspondence was forwarded to this office withdrawing the application for the landfill project. I have reviewed all correspondence from 2003 to date and am not able to locate any correspondence from the Hamlet or GN withdrawing the application. Therefore it is still a requirement for the Hamlet/GN to provide all the necessary documentation to move this file forward. Note that the expiry of the current licence was 1999.

Regards,

Phyllis Beaulieu- & < > > > > > >
