November 2011		
December 2011		
ANNUAL TOTAL		

ANNUAL REPORT FOR THE HAMLET OF RESOLUTE BAY

- iv. a summary of modifications and/or major maintenance work carried out on the Water Supply and Waste Disposal Facilities, including all associated structures and facilities;

The Consultant Arktis solutions Inc. identified a new site and designed the facility. At that time project was declared to put on hold.

- v. a list of unauthorized discharges and summary of follow-up action taken;
NIL

- vi. a summary of any abandonment and restoration work completed during the year and an outline of any work anticipated for the next year;

A&R plan was prepared by the consultants under their scope of works. This Plan will be implemented once the new facility is built and commissioned.

- vii. a summary of any studies requested by the Board that relate to waste disposal, water use or reclamation, and a brief description of any future studies planned;

The current project is on hold until further order by the CGS.

- viii. any other details on water use or waste disposal requested by the Board by November 1st of the year being reported; and

Segregation, installation of signs for monitoring stations and facility are the requirements under the licence and also instructed by the inspector. Hamlet is in the procurement process of signs.

- ix. updates or revisions to the approved Operation and Maintenance Plans.

This is a non engineered facility. No O&M manual was existing. However, a O&M plan is being drafted to satisfy the WL compliancy and will be submitted along with the renewal application.

X. ADDITIONAL INFORMATION THAT THE LICENSEE DEEMS USEFUL:

Hamlet is planning for leachate sampling and Testing from next summer. They are also looking for the new facility in order to satisfy Water Licence requirements.

XI. FOLLOW-UP REGARDING INSPECTION/COMPLIANCE CONCERNS:

Hamlet is working along with CGS for water licence compliancy.
