Very good observation. Highly appreciated. **Thanks** Bhabesh From: Sergey Kuflevskiy <sergey.kuflevskiy@nwb-oen.ca> Sent: February 17, 2020 12:24 PM To: Roy, Bhabesh <BRoy@gov.nu.ca> Subject: Re: 3BM-RES1520 renewal CAUTION: This email originated from outside of the organization. Please fix the following fields in the form and resubmit the application:

Section 8 (p.5): NIRB screening is not required, please check the NO box.

Section 11 (p.6): The second part of this field needs to be checked only if the amendment changes the classification of the Licence. Yours is still the same, so no need to check "Municipal" the second time.

Section 12 (p.6): Check the NO box for Water use amendments.

Section 13 (p.7): There is a request for 550m3/ day water intake there. Please correct.

Section 14 (p.8): You only checked the "solid waste" box under the types of waste. From my understanding the quantities of wastes will not change from the existing Licence. Please select all types of waste that apply.

Section 23 (p.11): In this section, you are talking about the Utilidor system, which is a separate Licence. Please correct and include the proposed timing for the new Solid Waste site.

Section26 (p.12): You mixed up the boxes checked here. Please check YES for the Summaries and NO for the water use deposit.

Regards,
