Hi,

This goes to the same folder.

Thanks,
Sergey

Sergey

That is an error. I will correct and send back.

There are three dumps:

One is municipal dump which is called Landfill.

Second one is the metal dump inside the Town.

The third one is a fenced metal dump which is mostly used now a days.

I will call you tomorrow morning.

thanks for your cooperation.

Bhabesh

Hi Bhabesh,

Just wanted to follow up on the Application you submitted for 3BM-RES1520 (Waste Management Facilities).

The Application form provided in the Application package was actually for the Type A 3BM-RUT (Utilidor). Could you please submit the 3BM-RES one?

Also, the Summary states that both domestic and metal waste sites are currently full, so the new metal dump is being heavily used. Does this mean that all wastes currently go to this new metal dump?
