Re: Resolute Bay Breakwater Project Proposal – Request for Response to Hamlet of Resolute Bay

Dear Alleesuk Idlout and Aziz Kheraj:

On July 20, 2006, the Nunavut Impact Review Board (NIRB or Board) distributed the above cited project proposal to the distribution list, including municipalities and groups that would be most affected by the project proposal. Interested persons were encouraged to provide comment by August 11, 2006.

Prior to the deadline, NIRB received comments from the Government of Nunavut Department of Environment, Environment Canada and the Hamlet of Resolute Bay. All comments are available from NIRB's ftp site at

http://ftp.nunavut.ca/nirb/NIRB ACTIVE SCREENINGS/06UN073-Alleasuk Idlout/COMMENTS/.

Concerns regarding the project proposal were expressed by the Hamlet of Resolute Bay (Hamlet). These concerns included the protection of marine mammals and their habitat, traditional uses of the land, Inuit harvesting activities, community involvement and consultation, and local development in the area. Due to these concerns, NIRB would like to provide the Proponent with an opportunity to address the Hamlet's comments before proceeding with the next steps of the screening process. NIRB requests that a response to be provided to both NIRB and the Hamlet by **September 5, 2006**.

If you have any questions or concerns, feel free to contact me at ktunaley@nirb.nunavut.ca.

Sincerely,
