Something happened during Joe Murdock time. We were asked to start fresh for many reasons:

1. Change of Ownership to CGS
2. Isolate Utilidor system from Solidwaste
3. Solidwaste still remains under Hamlet

Considering the above, Utilidor was licensed to my name.

Therefore Resolute Bay has three licenses: 3BM-RUT 1012: Utilidor- Licensee CGS
3BM-RES 9699: Solidwaste: Licensee Hamlet
NWB3YRB 0308: Airport. Initially Licensee ED&T, now changed to CGS

We have applied for a new license for Solidwaste site. Design documents were submitted to NWB along with the application. During this process, CGS adopted new standard and criteria and design was asked to revise. Accordingly we asked NWB to hold the application.

This file is on hold until final design is available.

We are expecting to open this file sometime in 2013.

In these circumstances, we need to submit any annual report even though this file is sleeping. Please advise.

Thanks Phyllis.

Would you happen to have any documentation on file that indicates the 3BM-RES9699 file was cancelled and replaced with 3BM-RUT? I am not seeing anything of that nature in our public registry.

Hi Phyllis

Right now we are using two licenses for Resolute:

One for Utilidor System: 3BM-RUT 1012

One for Airport: NWB3YRB 0308

I think file 3BM-RES 9699 is not existing any more. Please clarify and confirm.

Thanks

Bhabesh

I have reviewed the list and the only one missing is for Resolute Bay. I have no record of receiving any annual reports on this file. This is for
3BM-RES9699

Phyllis,
Now you have all Baffin 12 Communities?

Thanks.

Morning Phyllis,
I am sure Hamlet sent their annual reports already. In case you missed, I am sending reports of these three communities. These were not in your ftp site yet.
Thanks.
