Good day, the latest information I have on the file is that a full application would be submitted by September 30th. To date this is an incomplete application. For further discussion on outstanding issues please contact the tech advisor on the file, Sonia Aredez.

Ullukkut Phyllis,

Is there any expected timeline on when the Sanikiluaq Hamlet water license (expired since March 31st, 2014) will be renewed?

The question has arisen because there is a sewage lagoon project expected to be tendered next year.

Hi David,

Phyllis B. is the Manager of Licensing of NWB who can direct your request.

Here is what I know:

Once a Licence is issued/renewed, AANDC inspector will be enforcing that licence.

Risk assessment of any licence is being done by the Licensee using inhouse staff or hiring a consultant.

Hope I could answer to your question.

Thanks.

Bhabesh

Bhabesh,

Who is the best person to contact at the NWB for an estimate/risk assessment of when the license will be renewed?

Subject: Sanikiluaq Water Licence

Hi Bhabesh,

We are anticipating that the Sanikiluaq Lagoon will be ready for tender next fiscal year. Sanikiluaq's current water licence expired on March 31, 2014. Can you please provide an update regarding the renewal of this licence?

Thanks,

Justine
