Hi Cory,

As far as I can tell from our filing system (I was not yet in Nunavut in 2011 or 2012), the most recent inspection report filed with the NWB for the Hamlet of Sanikiluag would indeed be in 2011. None of my inspectors were in Sanikiluaq in 2013 either.

Regards,

Erik

Could someone in your group confirm a few details regarding inspections that have been conducted for the Hamlet of Sanikiluaq (Licence No. 3BM-SAN1214)? The most recent inspection report the Nunavut Water Board has on file is for 2011. Could someone at Inspections kindly confirm that this is the most recent year that an inspection has been conducted, or alternatively provide any reports that correspond to subsequent years (i.e. if conducted for 2012, 2013)?

Thank-you for any assistance you may be able to provide for this request. Please feel free to contact me directly at cory.zyla@nwb-oen.ca or (867) 360-6338 (x36) should you have any questions or concerns.

Regards,
