Hi Kayla,

Thank you for the November 4, 2019 notice to interested parties to review the 3BM-TAL water licence renewal for the Hamlet of Taloyoak project. Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) has reviewed the submitted documents pursuant to our mandated responsibilities under the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and *Department of Indian Affairs and Northern Development Act*. CIRNAC has only two comments at this time stated below;

1. The proponent should provide a report of their implementation progress for the inspection instructions stated by the CIRNAC Inspectors report 2019 regarding the abandoned WTP building and old IPH in their next annual report.
2. CIRNAC intends to review the Operation and Maintenance Manual for sewage and solid waste operations, the Quality Assurance/Quality Control plan for sewage and waste, and the Spill Contingency plan after the proponent has updated them. Proponent should clearly indicate the areas where updates are made on the manual and plans.

If you have any questions, please contact me through godwin.okonkwo@canada.ca or 8679754550.

Thanks.

Best Regards,

Godwin Okonkwo (M.Sc., P.Bio)
